

Prosciutto-Wrapped Melon

- 1/2 lb prosciutto, very thinly sliced
- 1/4 of a medium cantaloupe
- 1/4 of a medium honeydew melon
- 2 to 3 dozen seedless grapes
- Balsamic vinegar
- Cracked black pepper

Preparation:

Cut the cantaloupe and honeydew melon into 1-inch cubes. Cut each slice of prosciutto in half lengthwise.

Wrap a piece of prosciutto tightly around each chunk of melon, top with a grape, skewer with a pick and arrange on a serving platter.

If desired, just before serving, drizzle a tiny (no more than a drop) amount of balsamic vinegar over each piece along with a little coarsely ground black pepper.
