Take a winter break!

During the holiday season, it often seems like the bills pile up faster. It can be a time of financial stress. This holiday season you can take a break from one month worth of loan payments, including your Visa.® Pay the small \$25 fee per loan and forget about the payments for a month. You may only skip one payment per loan, and you get to choose which month you want to skip. All loans including Visa.® must be current and in good standing for this offer to be valid. A payment deferral may not be requested for 1st loan payment using Skip-A-Payment program. It is easy to take advantage of this Payment Deferral Program. Call a Loan Officer today at Firefighters Credit Union, 317-636-5581.

October Security Reminder:

Protect your computer with spam filters, anti-virus and anti-spyware software, and firewall, and keep them up to date.

A Spam filter can help reduce the number of phishing emails you get. Anti-virus software, which scans incoming messages for troublesome files, and anti-spyware software, which looks for programs that have been installed on your computer and track your online activities with out your knowledge, can protect you against pharming and other techniques that phishers use. Firewalls prevent hackers and unauthorized communications from entering your computer – which is especially important if you have a broadband connection because your computer is open in the Internet whenever it's turned on.

Look for programs that offer automatic updates and take advantage of free patches that manufacturers offer to fix newly discovered problems. Go to www.onguardonline.gov and www.staysafeonline.org to learn more about how to keep your computer secure.
